RECEIVERS FOR U. P.

THAT GREAT RAILROAD SYSTEM SUCCUMBS.

IN BAD FINANCIAL SHAPE.

The Administrators of the Late Frederick L. Ames have S. H. H. Clark, E. Ellery Anderson and Mr. Mink. Appointed Receivers—The Proceedings Quietly Take Place at Omaha.

OMAHA, Neb., Oct. 14.—The great Union Pacific system passed very unexpectedly into the hands of receivers a short time after noon yesterday when Judge Dundy of the United States district court appointed S. H. H. Clark, previously president; O. W. Mink, previously comptroller, and E. Ellery Anderson, previously general manager, directors appointed by President Cleveland, as receivers of the property.

Receiver Clark at once called upon General Manager Dickinson for possession of the property and it was turned over to him without delay for malice and record. The 8,000 miles of rail and water line and the employment of 22,000 men changed control.

The application and order in the federal court were carefully printed showing previous preparation.

The application was made by the executor of the estate of the late Frederick L. Ames and by E. F. Atkins, a heavy stockholder, and P. W. Coff, son-in-law of the late Sidney Dillon, also representing large blocks of stock. It recited that owing to dull times, depressed business and the approaching maturity of bonds which the road would be consequently unable to meet it was deemed best for the protection of all interests that the property should be put into the hands of the court, where suits could not disintegrate and impair the value of the system as a whole.

The proceeding was very similar, says General Solicitor Thurston, to those under which the Northern Pacific went into a receivership. It was necessary to keep the system together and prevent separating it and lessening the earning power. Mr. Anderson represents the interests of the government.

The future of the road depends largely upon the prosperity of the country and somewhat upon the course which the government shall pursue in dealing with the debt that the road owes. If this debt is adjusted favorably it is possible that after some years the system may be returned to the hands of the owners.

VEST HAS A SOLUTION.

The Missouri Senator Offers a Compromise Silver Measure in the Senate.

WASHINGTON, Oct. 14.—When the senate met yesterday Mr. Vest of Missouri gave notice of an amendment in the nature of a substitute for the repeal bill. After repealing the purchasing clauses of the Sherman act it authorizes the issuing of coin certificates for the uncoined bullion consisting of seigniorage on the silver holders purchased. It provides for the coinage of American silver that may be deposited by its owners at the rate of \$1,000,000 a month up to the limit of \$30,000,000. This coinage is to be fairly proportioned among the silver producing states and territories. Hoards of standard silver dollars may have them exchanged for certificates. Authority is given the secretary of the treasury to refuse payment in gold on any intended obligation of the United States, when he is satisfied that the gold is applied for exportation. A joint committee of the two houses is to examine into the financial and monetary condition of the government and the people of the United States. The ten per cent tax on state bank circulation is to be removed.

At 11:30 o'clock Mr. Voorhees made the usual motion that the senate proceed to the consideration of the bill to repeal the clause of the Sherman act. This was done and Mr. Stewart of Nevada took the floor. After expressing his gratification that the silver senators had not pleased the British masters of a people of the country, Mr. Stewart resumed his speech, which he had left off at 1 o'clock this morning.

The first suggestion of the lack of a quorum came from Mr. Pettigrew of South Dakota at 11:45. Eighty-five names were called by the clerk, to which there were fifty-four responses, eleven more than a quorum. Mr. Stewart expressed his displeasure at the annoyance which the delay caused him, and then went on with his speech.

GUATEMALA'S TURN NOW.

The President Declares Himself Dictator and Dissolves Congress.

WASHINGTON, Oct. 14.—The state department received the following from the United States consul at Guatemala to-day: "The president of this republic to-day (October 12) declared himself dictator and assumed control of the government. DUNN'S REVIEW.

The Country is Waiting and Uncertainty Prevails.

NEW YORK, Oct. 14.—R. G. Dunn & Co.'s weekly review of trade says: The country has been waiting. While uncertainty has prevailed, men have not known what to do with safety, and so have done as little as they could. Industry cannot always wait, and in them an arrest of improvement generally means some reaction. Merchants who have obligations to meet cannot always wait, and for some there has come misfortune. The speculators and traders wait because they have no substantial basis for a judgment. The volume of business transacted increases some because the longer people go without clothing or food or other necessities, the more certain their demand is to be.

DARK MYSTERY.

DETAILS OF THE JERICHO SPRINGS POISONING CASE.

WHOLESALE MURDER WAS PLANNED

Two Members of the Comstock Family and a Neighbor Woman Named Wallace Die in Great Agony—Everything Filled and Drunkable About the House Poisoned.

NEVADA, Mo., Oct. 14.—The first authentic news of the poisoning of the Comstock family, near Jericho Springs, was brought here yesterday by Herman Ready, a close neighbor of the ill-fated family. Jericho Springs is just over the Vernon county line in Cedar county, and about twenty-five miles southeast of this city. It is miles away from a railroad or telegraph line, and therefore not readily accessible.

Mr. Ready speaking of the poisoning said: "Monday evening old man Irvin Comstock and his family at supper partook of cold cabbage, bread, coffee and milk, and soon after eating every one of them became violently sick. Those who sat at the table were Mr. Comstock, his wife and little son Willie, and a neighbor, Mrs. Wallace. One of the neighbors happened to call after supper and found them all prostrated. Some of them in spasms. Dr. Brasure was hastily summoned, and with two other doctors that he called in, worked with the stricken family all night.

"At 5 o'clock next morning the old lady Wallace died in great agony and on Wednesday morning Mr. Comstock died in a spasm. Mrs. Comstock was not dead when I left, but was having spasms. Willie had gotten better, and it was thought he would get well. Mrs. Comstock will die if she is not already dead. A neighbor, Mrs. McCrary, who came out Tuesday morning to help nurse the sick, was herself poisoned by eating a biscuit and drinking a cup of coffee, which she prepared for herself from the family provisions. She was reported dying Thursday afternoon.

Dr. Brasure analyzed the cabbage, water, provisions and everything edible and drinkable about the place and said he found strychnine in all. The entire community is horrified, as it is plain the poison was used with the intent to destroy the whole family. Nevertheless there is not a breath of suspicion against anyone.

Mr. Comstock is well-known here, having formerly resided in Nevada. Last December he took out license to marry the Widow Ewing and last spring they moved to their farm two miles northwest of Jericho Springs. Mrs. Comstock was the divorced wife of the Ewing, who still resides in the neighborhood where the poisoning occurred. She married Ewing four or five years ago after the death of her first husband, Lark Brasure, who was burned to death at Eldorado. She has a grown son by her first husband, who also lives in the vicinity of Jericho Springs.

So far as can be learned the best of good feeling existed between the family and Thug Ewing, and suspicion has not attached to him or to the grown son. The whole affair is shrouded in mystery.

Schuch was in the room with Nettie McCall, a young woman whom Etue claims as his mistress.

Unquestionably the shoes that fit best, wear best and look best are always to be had at our store. None of our footwear will be found lacking in any of these points, and Young America is sure of a better fit, with a better shoe for a lower price at our store than they are elsewhere.
